

MATERIAL SAFETY DATA SHEET

Tata Green

1. Commercial Product Name : Tata Green
Chemical Type : Organic Pigment
Physical Form : Dry Powder

2. Product Identification : C.I. Pigment Green 8 C.I. No. 10006
CAS No. : 16143-80-9
Formula : $C_{30}H_{18}FeN_3O_6.Na$
Molecular Weight : 595
AND EXTENDER

3. Hazard Identification : When the pigment is involved in fire, it may burn & noxious fumes including oxides of nitrogen & carbon may be evolved.

4. First aid measures :
Inhalation : If inhaled, move to fresh air. Aid in breathing, if necessary, and get medical attention.
Eyes :
Skin : Flush eye with flowing water. If irritation develops, consult a doctor
Ingestion : Wash affected skin with soap and water.
: If swallowed, dilute with water and induce vomiting. Get immediate medical attention.

5. Fire fighting measures :
- Suitable extinguishing media : Water spray, Foam
- Unsuitable extinguishing media : CO₂
- During fire, gases of CO, CO₂, NO_x and other toxic compounds may evolve
- Self-contained breathing apparatus for fighters

6. Accidental release measures :
- Personal precautions : Clean up with the appropriate personal equipment (see section 8)
- Environmental precautions : Scoop or sweep & transfer into a closed container. Keep waste out of
- Method for cleaning up : sewers.
Scoop or sweep into a container for reuse or disposal

7. Handling and storage :
A moderately dry, well-ventilated area is considered adequate for handling and storage. Use proper personal equipment (see section 8). Direct sources of heat must be avoided.

8. Exposure control / personal protection :
- Respiratory protection : Local exhaust ventilation, Air-purifying respirator
- Hand protection : Gloves
- Eye protection : Goggles
- Skin protection : Impervious clothing

9. Physical & Chemical properties :
* Appearance : Olive Green * Flammability : None
* Odour : None * Auto flammability : None

TATA PIGMENTS LIMITED

Tel 91 657 2433547, 2439857 Fax 91 657 2434039
Registered Office- Sakchi Boulevard, Jamshedpur 831 001 India

* pH	: 5-8 (at 10gr/250ml H2O)	* Explosive properties	: None
* Boiling point	: Not applicable	* Oxidizing properties	: None
* Melting point	: Not applicable	* Vapour pressure	: Not applicable
* Flash point	: Not applicable	* Relative density	: 1.4
* Solubility – water	: Insoluble in water	* Solubility – fat	: Insoluble in fat
* Partition coefficient (n-octanol/water)	: No data available		
* Other data	: None		
10. Stability and reactivity	: This product is stable and hazardous polymerization will not occur		
11. Toxicological information	: Acute oral toxicity : LD50 (rat) > 5,000 mg/kg		
12. Ecological information	: Since this pigment is generally insoluble in organic solvents, it is believed not to create any significant problems when released in to the environment.		
13. Disposal considerations	: Consult a local expert for advice on the disposal of this material. Ensure that disposal is in compliance with local, national regulations.		
14. Transport information	GGV IMDG CODE	: None	; UN No. : None
	ICAO / IATA – DGR	: None	; RID / ADR : None
15. Regulatory Information	: For any information on regulatory standard please contact us.		
16. Other Information	:		

We have described our products concerning possible safety requirements by the above mentioned information given to the best of our knowledge and experience. All data given are never meant to guarantee any quality descriptions nor product properties.
